Kevin Miller, CEO and president of TexasLending.com, a Texas home loan and mortgage company specializing in Texas refinance loans

<http://www.texaslending.com/refinance.asp> and Texas home equity loans

<http://www.texaslending.com/homeequity.asp> , and his co-hosts will discuss how the new Obama Mortgage Tax has affected the housing market so far, increasing rates between .125% and .25% for people that refinance or purchase a loan that will be sold to Fannie Mae or Freddie Mac on The TexasLending.com Mortgage Hour on KLIF radio in Dallas on Saturday January 21st, 2012.

In Dallas/Fort Worth the TexasLending.com Mortgage Hour radio show airs on Saturdays on AM 570 KLIF from 1:00 p.m. to 2:00 p.m.

“The impact of the Obama Mortgage Tax has been large for those who thought they would get the lowest home loan rates on record only to be surprised by the increase in rates” commented Kevin Miller.

TexasLending.com has been on the air for over 10 years to educate the consumer about home loans in Texas. Listen in each week as the CEO of TexasLending.com, Kevin Miller, and his co-hosts, discuss the behind the scenes information about the mortgage industry that will help you in making an informed decision about your home loan now and in the future.
